

Canada-Brazil Trade Opportunities Report

Comparative review of merchandise trade performance in 2024 and 2025, with concentration analysis, product risk mapping, and a baseline outlook for 2026.

Total Trade 2025 CA\$14.5 BI +16.0% vs 2024	Exports 2025 CA\$2.9 BI +28.5% vs 2024	Imports 2025 CA\$11.6 BI +13.2% vs 2024	Baseline Outlook 2026 CA\$16.8 BI +16.0% implied growth baseline
--	---	--	---

Automated Executive Summary

Canada-Brazil merchandise trade reached CA\$14.5 BI in 2025, +16.0% versus 2024. Exports totaled CA\$2.9 BI and imports reached CA\$11.6 BI, leaving a trade balance of CA\$-8.7 BI. The largest provincial contribution came from Ontario, while Precious Stones, Metals and Jewelry was the strongest product chapter by absolute change. The baseline outlook for 2026 implies total trade near CA\$16.8 BI if current momentum and seasonal distribution persist.

Your Commentary

[WRITE 1 SHORT EXECUTIVE PARAGRAPH HERE]

Suggested structure:

- What changed
- Why it matters
- What decision makers should do next

1. Trade Overview

Canada's Exports and Imports with Brazil reached record levels in 2025

Total trade value grew to **CA\$14.5 BI**, driven by a **+28.5%** increase in exports and **+13.2%** in imports.

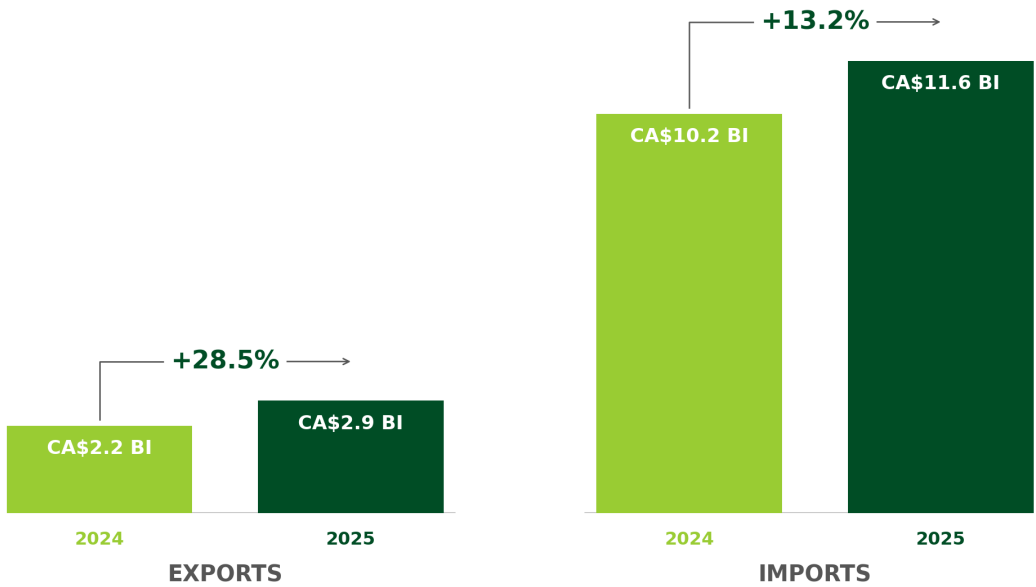

Figure 1.1: Annual exports and imports comparison

Monthly Performance: 2025 vs 2024 Comparative Analysis

Despite occasional market shifts, monthly trade volumes stayed above **2024** levels in most periods.

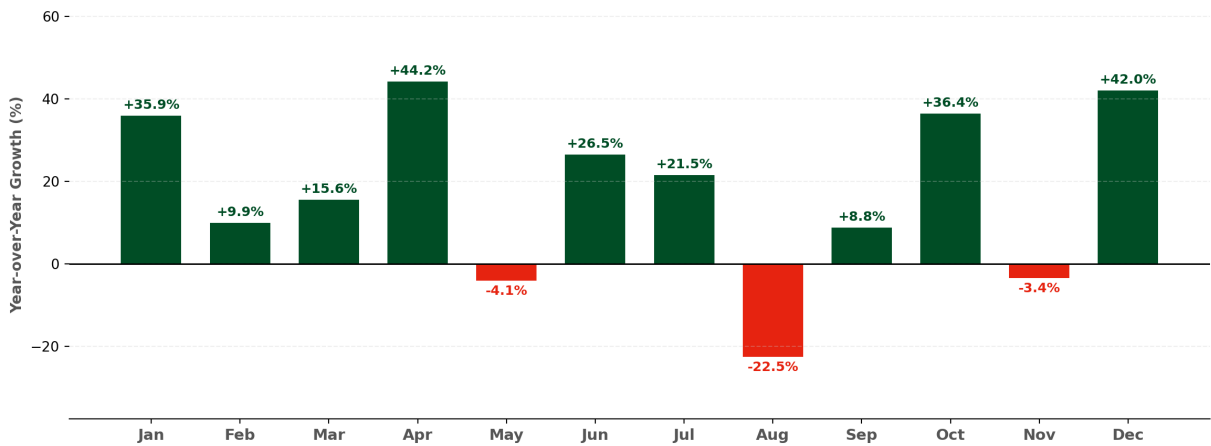

Figure 1.2: Monthly YoY performance comparison

[WRITE MARKET CONTEXT HERE]

Suggested ideas:

- importance of Canada-Brazil bilateral trade
- current economic context
- why this report matters now

[WRITE INTERPRETATION FOR OVERVIEW HERE]

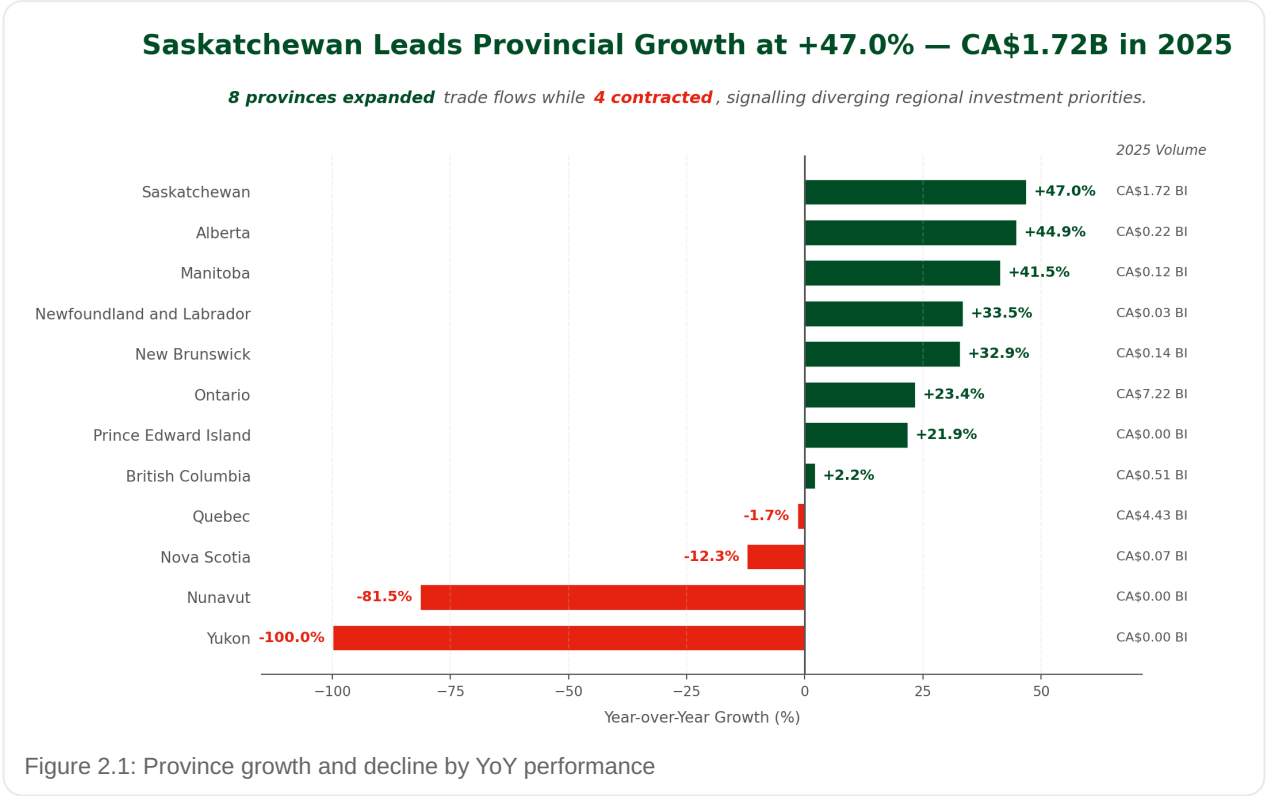

Suggested ideas:

- total trade growth or decline
- pace of change vs previous year
- whether momentum is broad-based or concentrated

Table 1.1: Trade Summary Statistics

	Metric	Value
Total Trade 2024		CA\$12.5 BI
Total Trade 2025		CA\$14.5 BI
Total Trade Growth		+16.0%
Exports 2024		CA\$2.2 BI
Exports 2025		CA\$2.9 BI
Exports Growth		+28.5%
Imports 2024		CA\$10.2 BI
Imports 2025		CA\$11.6 BI
Imports Growth		+13.2%
Trade Balance 2025		CA\$-8.7 BI

2. Provincial Growth & Decline

[WRITE INTERPRETATION FOR PROVINCIAL ANALYSIS HERE]

Suggested ideas:

- concentration of growth by province
- strongest and weakest regions
- dependency risk

Table 2.1: Provincial Performance Summary

Province	2024 Value	2025 Value	Growth %	Abs Change	2025 Share %	Contribution %
Ontario	CA\$5.8 BI	CA\$7.2 BI	+23.4%	CA\$1.4 BI	+49.9%	+68.8%
Quebec	CA\$4.5 BI	CA\$4.4 BI	-1.7%	CA\$-75.8M	+30.6%	-3.8%
Saskatchewan	CA\$1.2 BI	CA\$1.7 BI	+47.0%	CA\$549.5M	+11.9%	+27.6%
British Columbia	CA\$502.7M	CA\$513.9M	+2.2%	CA\$11.2M	+3.6%	+0.6%
Alberta	CA\$151.8M	CA\$220.0M	+44.9%	CA\$68.2M	+1.5%	+3.4%
New Brunswick	CA\$108.5M	CA\$144.3M	+32.9%	CA\$35.8M	+1.0%	+1.8%
Manitoba	CA\$87.5M	CA\$123.8M	+41.5%	CA\$36.3M	+0.9%	+1.8%
Nova Scotia	CA\$74.8M	CA\$65.6M	-12.3%	CA\$-9.2M	+0.5%	-0.5%
Newfoundland and Labrador	CA\$22.9M	CA\$30.6M	+33.5%	CA\$7.7M	+0.2%	+0.4%
Prince Edward Island	CA\$1.1M	CA\$1.3M	+21.9%	CA\$231.9K	+0.0%	+0.0%
Nunavut	CA\$12.5K	CA\$2.3K	-81.5%	CA\$-10.2K	+0.0%	-0.0%
Yukon	CA\$1.2M	CA\$0	-100.0%	CA\$-1.2M	+0.0%	-0.1%

3. Trade Balance Dynamics

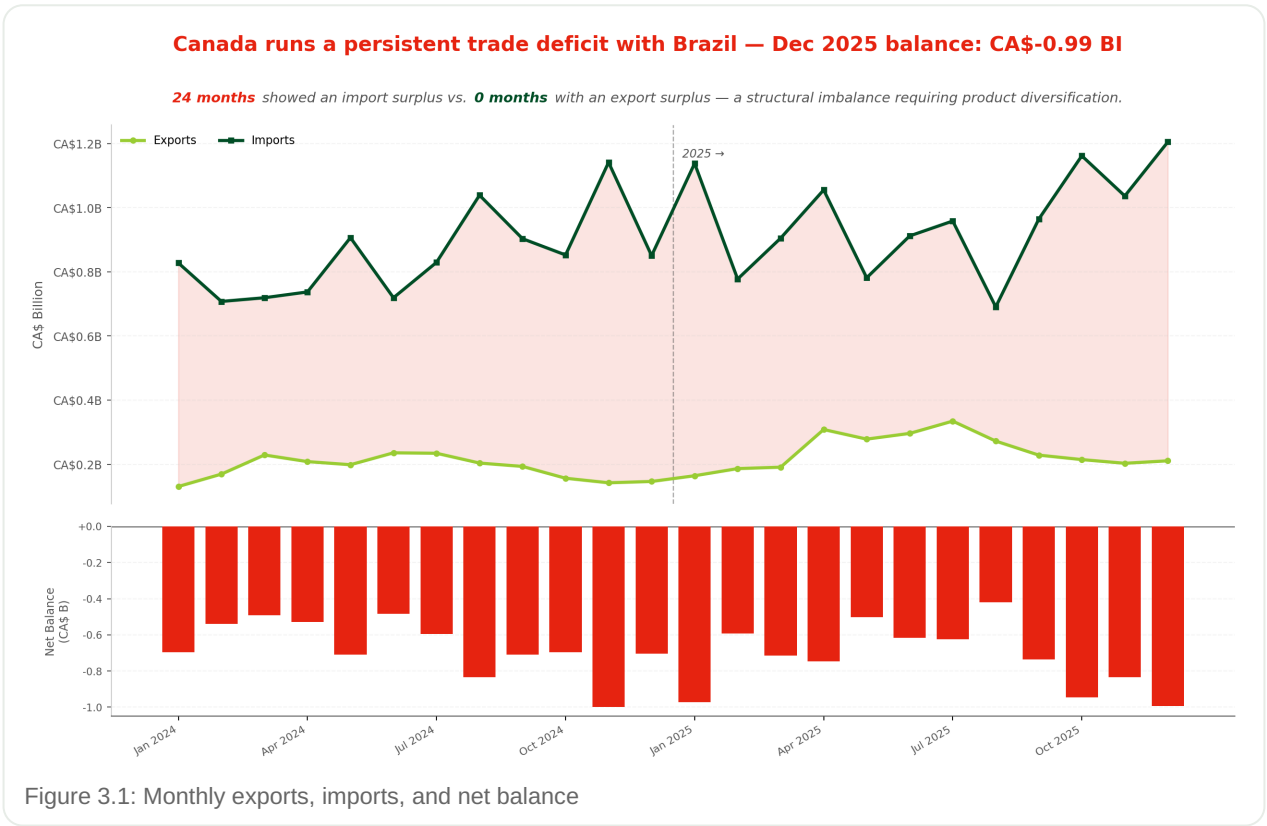

Figure 3.1: Monthly exports, imports, and net balance

[WRITE INTERPRETATION FOR TRADE BALANCE HERE]

Suggested ideas:

- whether Canada is a net importer or exporter
- whether the imbalance is widening or narrowing
- strategic implications

4. Product Winners vs Risks

HS Chapter Winners vs. Risks — Large categories are separating into growth leaders and declining exposures

Figure 4.1: HS chapter winners vs risks quadrant

[WRITE INTERPRETATION FOR PRODUCT ANALYSIS HERE]

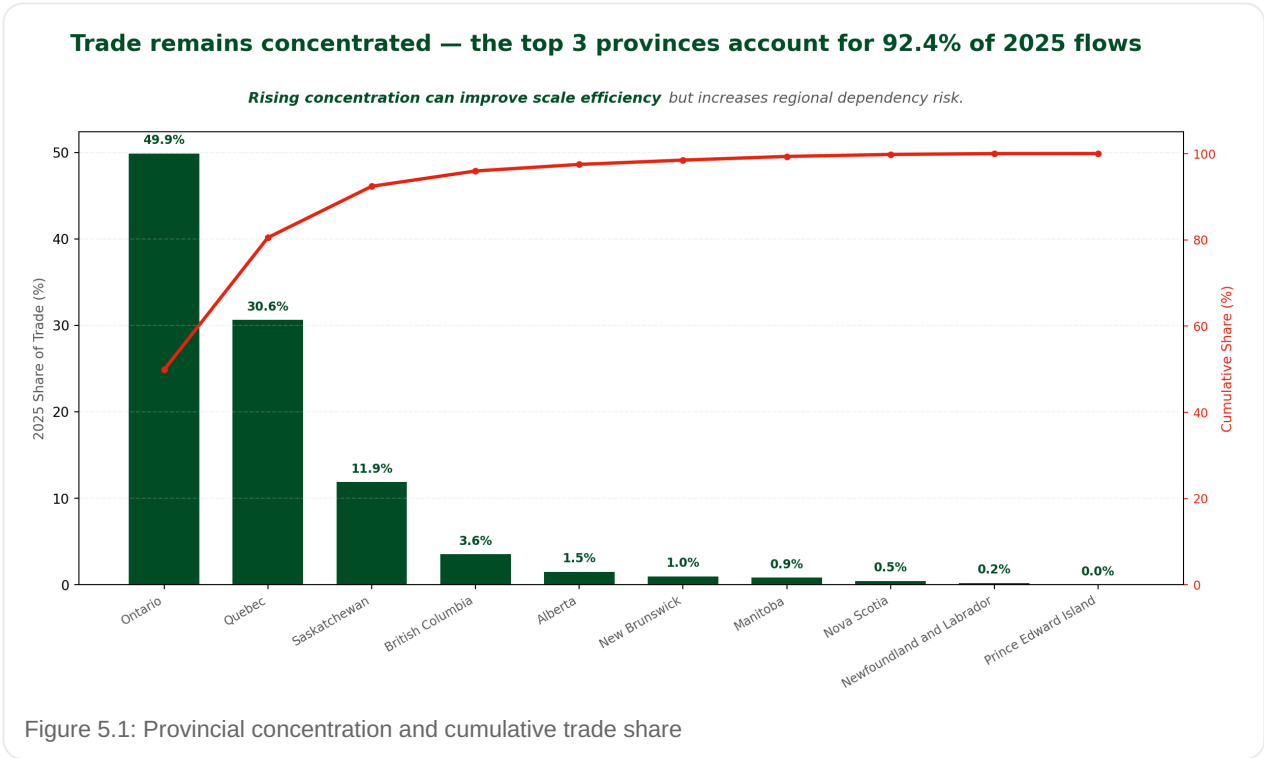

Suggested ideas:

- strongest product chapters
- declining sectors
- what this says about trade composition

Table 4.1: Chapter Performance Summary

Chapter	2024 Value	2025 Value	Growth %	Abs Change	2025 Share %
Precious Stones, Metals and Jewelry	CA\$2.7 BI	CA\$4.3 BI	+61.2%	CA\$1.6 BI	+29.9%
Inorganic Chemicals	CA\$2.3 BI	CA\$2.3 BI	+1.7%	CA\$37.7M	+16.0%
Fertilizers	CA\$1.1 BI	CA\$1.6 BI	+49.8%	CA\$543.3M	+11.3%
Nuclear Reactors and Machinery	CA\$1.1 BI	CA\$1.2 BI	+15.6%	CA\$165.2M	+8.5%
Sugars and Sugar Confectionery	CA\$1.1 BI	CA\$760.6M	-27.6%	CA\$-290.6M	+5.3%
Coffee, Tea, Mate and Spices	CA\$342.4M	CA\$535.2M	+56.3%	CA\$192.8M	+3.7%
Aircraft and Spacecraft	CA\$776.7M	CA\$514.7M	-33.7%	CA\$-262.0M	+3.6%
Electrical Machinery and Equipment	CA\$252.1M	CA\$301.4M	+19.6%	CA\$49.3M	+2.1%
Pulp of Wood and Cellulosic Material	CA\$315.9M	CA\$243.0M	-23.1%	CA\$-72.9M	+1.7%
Vegetable and Fruit Preparations	CA\$282.7M	CA\$236.2M	-16.5%	CA\$-46.6M	+1.6%
Ores, Slag and Ash	CA\$233.1M	CA\$214.2M	-8.1%	CA\$-18.8M	+1.5%
Pharmaceutical Products	CA\$114.7M	CA\$199.2M	+73.7%	CA\$84.5M	+1.4%
Iron and Steel	CA\$480.7M	CA\$184.3M	-61.7%	CA\$-296.4M	+1.3%
Meat & Edible Offal	CA\$131.1M	CA\$145.5M	+11.0%	CA\$14.4M	+1.0%
Mineral Fuels and Oils	CA\$67.9M	CA\$109.0M	+60.5%	CA\$41.1M	+0.8%

5. Concentration & Dependency

[WRITE INTERPRETATION FOR GROWTH CONTRIBUTION HERE]

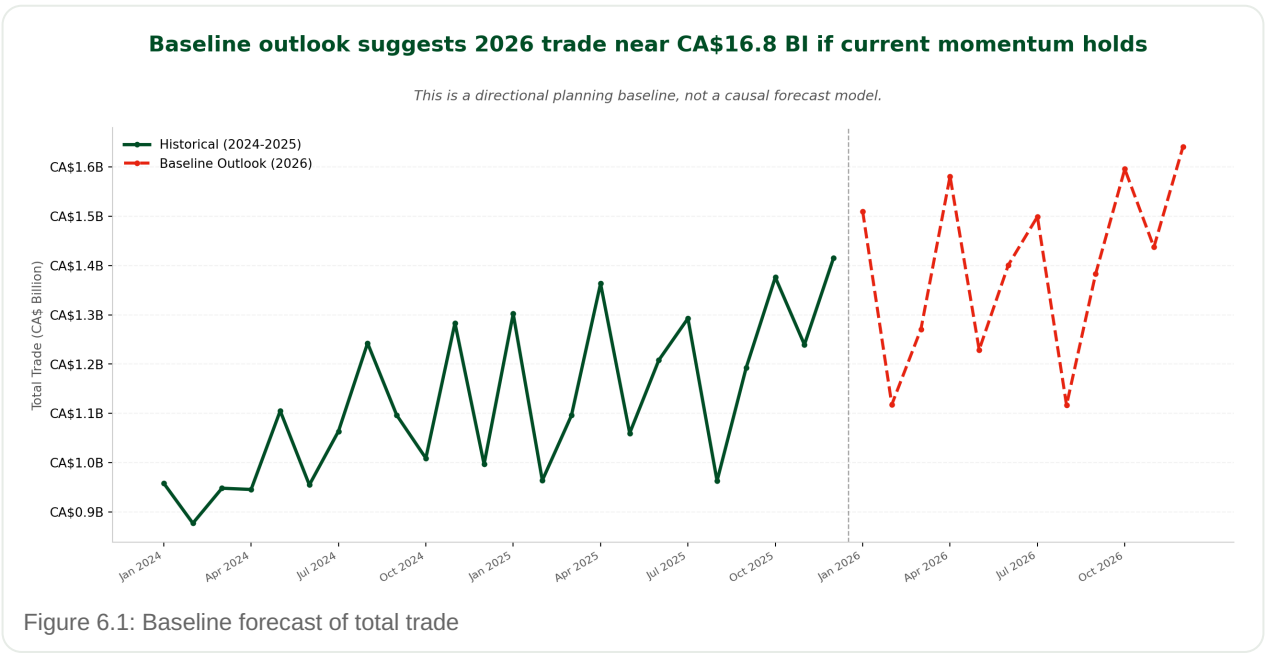

Suggested ideas:

- few provinces driving most growth
- concentration and resilience considerations

Table 5.1: Concentration Summary

Province	2025 Value	2025 Share %	Growth %	Abs Change
Ontario	CA\$7.2 BI	+49.9%	+23.4%	CA\$1.4 BI
Quebec	CA\$4.4 BI	+30.6%	-1.7%	CA\$-75.8M
Saskatchewan	CA\$1.7 BI	+11.9%	+47.0%	CA\$549.5M
British Columbia	CA\$513.9M	+3.6%	+2.2%	CA\$11.2M
Alberta	CA\$220.0M	+1.5%	+44.9%	CA\$68.2M
New Brunswick	CA\$144.3M	+1.0%	+32.9%	CA\$35.8M
Manitoba	CA\$123.8M	+0.9%	+41.5%	CA\$36.3M
Nova Scotia	CA\$65.6M	+0.5%	-12.3%	CA\$-9.2M
Newfoundland and Labrador	CA\$30.6M	+0.2%	+33.5%	CA\$7.7M
Prince Edward Island	CA\$1.3M	+0.0%	+21.9%	CA\$231.9K
Nunavut	CA\$2.3K	+0.0%	-81.5%	CA\$-10.2K
Yukon	CA\$0	+0.0%	-100.0%	CA\$-1.2M

6. 2026 Outlook

[WRITE INTERPRETATION FOR FORECAST HERE]

Suggested ideas:

- expected near-term direction
- confidence level
- caution on uncertainty

Table 6.1: Monthly Forecast Values

Month	Forecast 2026
Jan 2026	CA\$1.5 BI
Feb 2026	CA\$1.1 BI
Mar 2026	CA\$1.3 BI
Apr 2026	CA\$1.6 BI
May 2026	CA\$1.2 BI
Jun 2026	CA\$1.4 BI
Jul 2026	CA\$1.5 BI
Aug 2026	CA\$1.1 BI
Sep 2026	CA\$1.4 BI
Oct 2026	CA\$1.6 BI
Nov 2026	CA\$1.4 BI
Dec 2026	CA\$1.6 BI

7. Strategic Opportunities

[WRITE INTERPRETATION FOR OPPORTUNITIES HERE]

Suggested ideas:

- lower-penetration provinces
- cross-provincial product expansion opportunities
- areas to prioritize

Table 7.1: Cross-Provincial Product Expansion Opportunities

Province	Province Status	Suggested Chapter	Chapter Growth %	Rationale
Saskatchewan	Core Growth Market	Precious Stones, Metals and Jewelry	+61.2%	Positive regional momentum with exposure potential to higher-value trade categories.
Saskatchewan	Core Growth Market	Inorganic Chemicals	+1.7%	Positive regional momentum with exposure potential to higher-value trade categories.
Saskatchewan	Core Growth Market	Fertilizers	+49.8%	Positive regional momentum with exposure potential to higher-value trade categories.
Alberta	Core Growth Market	Precious Stones, Metals and Jewelry	+61.2%	Positive regional momentum with exposure potential to higher-value trade categories.
Alberta	Core Growth Market	Inorganic Chemicals	+1.7%	Positive regional momentum with exposure potential to higher-value trade categories.
Alberta	Core Growth Market	Fertilizers	+49.8%	Positive regional momentum with exposure potential to higher-value trade categories.
Manitoba	Emerging Growth Market	Precious Stones, Metals and Jewelry	+61.2%	Positive regional momentum with exposure potential to higher-value trade categories.
Manitoba	Emerging Growth Market	Inorganic Chemicals	+1.7%	Positive regional momentum with exposure potential to higher-value trade categories.
Manitoba	Emerging Growth Market	Fertilizers	+49.8%	Positive regional momentum with exposure potential to higher-value trade categories.
Newfoundland and Labrador	Emerging Growth Market	Precious Stones, Metals and Jewelry	+61.2%	Positive regional momentum with exposure potential to higher-value trade categories.
Newfoundland and Labrador	Emerging Growth Market	Inorganic Chemicals	+1.7%	Positive regional momentum with exposure potential to higher-value trade categories.
Newfoundland and Labrador	Emerging Growth Market	Fertilizers	+49.8%	Positive regional momentum with exposure potential to higher-value trade categories.

8. Recommendations

[WRITE 3 TO 5 RECOMMENDATIONS HERE]

Suggested format:

- Recommendation 1
- Recommendation 2
- Recommendation 3
- Recommendation 4

9. Appendix / Technical Notes

Automated technical summary:

- All values are in Canadian dollars (CAD), nominal terms.
- Merchandise trade only; services are excluded.
- Non-commercial chapters 97–99 were excluded when identifiable.
- Product analysis uses a minimum baseline threshold of CA\$5M.
- 2026 forecast uses a seasonal distribution baseline with growth carried forward from 2024 to 2025.
- Generated on 2026-04-13 18:19.

[OPTIONAL TECHNICAL NOTES]

Suggested ideas:

- data source assumptions
- excluded chapters
- forecasting limitations
- nominal CAD values
